BIBM CONGRESS 2023 IN AMSTERDAM

Presentation by: Seamus McKeague IPHA President

IPHA & BIBM

PROMOTING OUR **INDUSTRY TOGETHER**

ABOUT IPHA

1. Encourage members to share information and experience
2. Encourage and finance industrial R&D
3. Draught new codes and standards to meet member demands
4. Provide access to information and members' websites
5. Give suppliers a place to discuss trends and communicate with manufacturers

IPHA RESEARCH AND DEVELOPMENT

1. IPHA works alongside recognised experts in precast concrete.
2. Members have access to the latest technology, industry trends, codes and standards.
3. Therefore, they remain at the forefront of prestressed hollowcore technology.

IPHA BOARD OF DIRECTORS

The board of IPHA is elected from its members, and is responsible for:

1. Fulfilling the objectives of the organisation.
2. Formulating and delivering strategy for the organisation.
3. Providing leadership and administration.
4. Organisation of conferences and seminars.

CEO and Entrepreneur at Peikko

IPHA TECHNICAL COMMITTEE

1. Advises the board on matters relating to the design, production and erection of prestressed hollowcore slabs.
2. Instrumental in updating members on issues such as fire testing; shear capacity and torsion; Building Information Modelling (BIM).

IPHA MARKETING COMMITTEE

1. Marketing committee advises board of directors on promoting the organisation to new members and prestressed hollowcore to the building sector.
2. The website, newsletter, and member information are managed by it, and the sales and marketing seminar helps members commercially.
3. In recent years, the committee's biennial technical seminar has updated members on fire testing, shear capacity and torsion, and BIM.
